Company Profile

Established in 2021. During its short presence SLN PREMIUM has been recognized as one of the Pioneers, Trendsetter and leading Profile in INDIA. SLN PREMIUM has developed one of the Largest Supply network within the industry. We are able to deliver at all the location across the Country.

Our Vision

It is a Known fact that nature's resources have always been consumed by man from the beginning. Humans destroyed forest for their shelter by cutting trees to obtain wood and timber. It is a great to mankind to destroy the world around.

SLN PREMIUM is Proud to announce that we have taken Our fenestration Products to a next level.

The Slider Window

Featuring Horizontal Sashes fitted with Rollers at the bottom, these windows optimize space with their swift sideways movement. Easy to open and shut, the slider gives you great ventilation and the widest view possible.

The Casement Window

Featuring a sash that is hinged from the side on an outer frame that can open inwards and outwards. This ensures maximum ventilation in the room. Due to its double/triple glazing options, they enable better thermal and sound insulation as well. The windows come with multiple point locking systems and friction stay that ensures the window remains open in a fixed position even in the face of a stiff breeze.

Casement Door

Counted among the most popular door designs, it gives a classic look in even the most modern of settings. Designed to swing inwards or outwards with the twist of a handle, Casement Doors offer clear views of the other side. Above all, it's their picturesque profile that makes Casement Doors the preferred choice for many. These Doors are equipped with hook locks and 3D hinges which ensure smooth operation with safety.

Sliding Door

Featuring Horizontal Door Sashes fitted with Double Rollers at the bottom, these Doors optimize space with their swift sideways movement. Easy to open and shut, the sliding Door gives you great ventilation and the widest view possible.
